

# FAQ'S

## **Skudo All-Terrain Mat**

### ***Q. What is Skudo All-Terrain Mat?***

A. Skudo All-Terrain Mat is an extremely durable, high visibility, free draining traffic system that can be installed over loose and unprepared ground on construction sites for use by workers, contractors and visiting clients.

### ***Q. Over what surfaces can All-Terrain Mat be installed?***

A. Skudo All-Terrain Mat can be installed over

- Gravel, rocks and mud
- Snow and ice
- Sand
- Timber site decks, stairs and ramps
- TPO and other roofing systems

### ***Q. How is Skudo All-Terrain Mat installed?***

A. Skudo All-Terrain Mat is applied by simply holding down the end of the roll and rolling or kicking it out across the area to be covered. Cut the end of the mat with a knife if needed.

The mat's thickness and weight will help it to stay in place.

If necessary, the mat can be pegged down using landscaping or tent pegs.

To remove, simply roll up the mat.

### ***Q. How wide is Skudo All-Terrain Mat?***

A. Skudo All-Terrain Mat is 40 inches wide by 33 feet in length. When longer or wider walkways or staging areas are a requirement, Skudo All-Terrain Mat can be joined using artificial grass seaming tape (6" wide) along the length of each roll and at the ends joining sections.

### ***Q. Where can I buy Skudo All-Terrain Mat?***

A. Visit our website at [www.skudousa.com](http://www.skudousa.com) select the "where to buy tab" then click on your location on the map.
