

# FAQ'S

## SKUDO TACK-MATS

### ***Q. What is Tack-Mat?***

A. Skudo Tack-Mat is a one step peel and stick temporary surface protection system engineered to deliver superior performance over a variety of surfaces for up to 12 months.

*\* Go to [www.skudousa.com](http://www.skudousa.com) select the "How to apply" tab for installation information, including a Video tutorial.*

### ***Q. Can Tack Mat be used externally?***

A. No – Tack-Mats are engineered for completely "dried in" interior use only. Although Tack-Mats are extremely good at handling spills, excessive water can work its way underneath the Mats and will release them from the surface.

### ***Q. Will Skudo Tack-Mat stand up to scissor lifts and other machinery?***

A. Skudo Tack-Mat is available in 3 grades, Light Traffic (LT : foot traffic, construction trolleys etc.), Heavy Traffic (HT : including scissor lifts and light machinery) and High Impact (HI : superior impact resistance on both horizontal and vertical surfaces).

*\* visit our website at [www.skudousa.com](http://www.skudousa.com) for more detailed information*

### ***Q. What surfaces can I protect using Skudo Tack-Mat?***

A. Skudo Tack-Mats provide superior, long lasting and repositionable protection for the following surfaces during new construction and remodeling.

- Ceramic and Porcelain Tile
- Marble, Granite and other Natural Stones
- Manufactured Quartz counter tops
- Hardwood and Timber Laminates (finished with a factory applied sealer like Aluminum Oxide)
- Glass, epoxies and metals
- Sheet Vinyl
- Cabinets, doors, door framing, cabinets, countertops, baths and showers

DO NOT use Tack Mat over.:

- Polished Concrete or any exterior surfaces
- Concrete that is not fully cured
- Non-factory finished hardwood
- Limestone, carpet or fabric surfaces
- Any surfaces that have recently had a sealer or finish applied on site .

***Q. Where can I buy Skudo Tack-Mat?***

A. Visit our website at [www.skudousa.com](http://www.skudousa.com) select the “where to buy” tab then click on your location on the map.
