

# FAQ'S

## SkudoBoard Column Guard

### ***Q. What is SkudoBoard Column Guard?***

A. **SkudoBoard HT Column Guard** is a cost effective, heavy duty, synthetic, flexible version of SkudoBoard HT that provides superior protection to columns and pillars during construction. **SkudoBoard Column Guard** is approved for both exterior and interior use.

*\* Note – Unlike SkudoBoard HT, Column Guard does not have fire retardant properties*

### ***Q. Why SkudoBoard HT Column Guard and not other synthetic boards or Masonite?***

A. SkudoBoard Column Guard delivers impact resistance and water resistance. Due to its ribbed structure design, SkudoBoard HT Column Guard can easily conform to curved and square surfaces.

### ***Q How is SkudoBoard HT Column Guard installed?***

A. Starting at floor level, simple unroll enough product to envelope the column, cut with a sharp blade and secure using 2" Gorilla Tape or similar. Repeat the steps until you have protected to the desired height. Rolls are 4 feet wide by 250 feet long.

### ***Q. Where can I buy SkudoBoard HT Column Guard?***
