All-Terrain Mat

All-Terrain Mat provides an extremely durable traffic surface for loose and unprepared ground on construction sites, creating safe access for workers, contractors, and visitors.

All-Terrain Mat features a heavy-duty, 1/2-inch thick design with a free-draining structure that allows dirt and water to pass through, delivering a high level of slip resistance in both wet and dry conditions.

All-Terrain Mat offers excellent durability and withstands heavy wear and tear in demanding jobsite environments.

Uses:

- Provides a safe walkway over gravel, rocks, mud, snow, and ice
- Excellent walk-off mat to keep jobsites and trailers clean
- Directs traffic safely through heavy construction zones
- Offers anti-fatigue properties for workers

Features:

- Extremely durable construction that allows water and soil to pass through the mat
- Thick and heavy design helps keep the mat in place in challenging conditions
- Test-proven resistance to flame and freezing temperatures (FMVSS 302-1998)
- Can be pegged down as needed for additional stability

For jobsites with rough terrain, heavy rain, mud, snow and ice, Skudo's All-Terrain Mat is the ideal solution.
