All-Terrain Mat

All-Terrain Mat provides an extremely durable traffic surface for loose and unprepared ground on construction sites, creating safe access for workers, contractors, and visitors.

All-Terrain Mat features a heavy-duty, ½-inch thick design with a free-draining structure that allows dirt and water to pass through, delivering a high level of slip resistance in both wet and dry conditions.

All-Terrain Mat offers excellent durability and withstands heavy wear and tear in demanding jobsite environments.

Traps Dirt & Debris

Use over Mud & Rocks

Provides Safety for Winter Weather

Uses:

- Provides a safe walkway over gravel, rocks, mud, snow, and ice
- Excellent walk-off mat to keep jobsites and trailers clean
- Directs traffic safely through heavy construction zones
- Offers anti-fatigue properties for workers

Features:

- Extremely durable construction that allows water and soil to pass through the mat
- Thick and heavy design helps keep the mat in place in challenging conditions
- Test-proven resistance to flame and freezing temperatures (FMVSS 302-1998)
- Can be pegged down as needed for additional stability

For jobsites with rough terrain, heavy rain, mud, snow and ice, Skudo's All-Terrain Mat is the ideal solution.

Direct Traffic Safety Through a Jobsite

Slip-Resistant Stairs

Stays in Place Over Uneven Ground

Traction Over Wooden Decks

Innovative, purpose-built surface protection systems. This is all we do.

All-Terrain Mat Product Data

- Roll Size: 40" wide x 33' long
- Coverage Area: 109 sq. ft.
- Weight: 75 lbs. per roll
- Color: Orange, Red, or Blue
- Thickness: 0.25"

SKU - Listed below by color:
- Orange = AT-3KT-3.3-33-ORANGE
- Red = AT-3KT-3.3-33-RED-logo
- Blue = AT-3KT-3.3-33-BLUE-logo

Composition:	Specially designed non-absorbent Vinyl loop coils extruded from 100% PVC and thermally bonded. DOP Free.
Appearance:	Vinyl loop coiled mat
Fire resistance:	In accordance with - US CPSC 16 CFR Part 1631 (FF2-70)
Frost Resistance:	Withstand -13°F without break
Tensile Strength:	In accordance with ASTM D5034-2009 Crosswise - 3997N Lengthwise - 3923N
Tear Strength:	In accordance with ASTM D5034-2009 Crosswise - 1342N Lengthwise - 1216N
Slip Resistance:	In reference to to GB/t 4100-2006 Friction Coefficient (DRY) - 0.685 Friction Coefficient (WET) - 0.580
REACH:	In accordance with EC No 1907/2006 - PASS
Packaging:	6 or 8 rolls per pallet

Innovative, purpose-built surface protection systems. This is all we do.
