Skudo®

Description

SkudoBoard CORNER GUARD is a heavy-duty, synthetic, rigid protection board engineered to fit securely around vulnerable sharp edges such as corners and wall transitions. Lightweight, easy to install, and exceptionally impact resistant, it shields high-traffic areas from dents, cracks, scuff marks, and scratches caused by carts, equipment, and general construction activity.

A fabric-backed underside adds an extra layer of cushioning, while the textured surface provides slip resistance and is both fire retardant and water resistant. SkudoBoard CORNER GUARD is also resistant to curling and warping, helping reduce jobsite hazards.

With the same high compression strength as standard SkudoBoard, CORNER GUARD protects against dropped tools and materials. It's durable, reusable, and built to save time, labor, and cost on demanding commercial projects.

Features & Benefits

- Fits perfectly around corners and wall edges
- Water resistant, can be used on exterior surfaces
- Fabric backed underside for an added layer of protection
- Replaces curling Masonite and plywood
- Fire Retardant (ASTM E 648 Class 1, 16 CFR 1630)
- Test-proven slip resistance in wet conditions (ANSI/NFSI B101.3-2012)
- Extremely high impact resistance – spreads impact loads
- Ideal for protection from carts, lifts, tools and materials
- Well suited for protecting surfaces from jobsite traffic and debris
- Light weight, easy to handle and reusable
- Far superior to cardboard protection products

Extremely high impact resistance

Protects edges

Resists curling and warping

Innovative, purpose-built surface protection systems. This is all we do.

Product Data

SkudoBoard CORNER GUARD

- Dimensions: 48" x 6" x 6"
- Weight: 1.25 lbs/pc
- Thickness: 5mm (1/4")
- Color: Light Gray
- SKU #BOARD-CORNER-FR-48x6-AO

SkudoBoard Premium Seam Tape

16 mil heavy-duty tape, recommended for joining boards

- Length: 36 yards long
- Thickness: 16 mil
- Color: Black
- SKU#: BOARD-TAPE-SKUDO-36-BLK

Application

Clean the area of dirt, dust, and debris before applying to ANY surface.

Skudo Corner Guard installed on wall returns susceptible to cart damage can be secured with 3M Command Strips or our 3" Skudo Premium Seam Tape when applied over SkudoBoard, Column Guard, or Tack Mat.

*Visit our website (**www.SkudoUSA.com**) for more best practices and additional SkudoBoard protection solutions, including Column Guard, Stair Guard, Corner Guard, ResiBoard, and BEASTBoard.*

Wall Edge Installation

Window Edge/SkudoBoard Installation

Metal Framing Installation

Innovative, purpose-built surface protection systems. This is all we do.
