Skudo® TUB PROTECT

Learn More!

Skudo®

Description

During construction and renovation, bathtubs and shower pans are especially vulnerable to damage from paint splatter, grout, scratches, caulking, dirt, and general construction site traffic. Traditional stop-gap solutions like plastic sheets or cardboard tear easily, shift out of place, and don't provide reliable, long-term coverage.

NEW Skudo Tub Protect is a professional-grade, liquid-applied coating designed specifically to protect tubs and shower pans. Applied with a roller or airless sprayer, it dries to form a durable, protective barrier that stays firmly in place. Once the project is complete, simply peel it away, leaving the surface clean and damage-free.

With up to twelve months of protection, Skudo Tub Protect is ideal for residential, multifamily, and hospitality projects. It's also effective for safeguarding tubs and shower pans during transport, ensuring bath fixtures arrive at the jobsite in pristine condition.

Benefits

- Durable protection for bathtub and shower surfaces for up to 12 months
- Easy application by roller or airless sprayer
- Fire-Resistant: Resists welding and grinding sparks
- Easy peel off removal - no residue or damage left behind
- More reliable than plastic, tape, paper, cardboard
- Suitable for use on most common bath surfaces*, such as Acrylic, Porcelain, Fiberglass, Stone Resin/Composite

*Always consult your Skudo representative to confirm suitability for your specific tub.

MADE IN USA

Uses

- Protection during new construction (residential, multifamily, hotel/hospitality)
- Renovation projects requiring extended surface protection
- Protection during transport for bathtubs and shower pans

Tub Protect Product Data

- Color: Orange
- Size: 5 Gallon Pail
  - SKU: CT-TUB-PROTECT-5-GAL
  - Weight: 47 lbs.
- Size: 1 Gallon Pail
  - SKU: CT-TUB-PROTECT-1-GAL
  - Weight: 10 lbs.

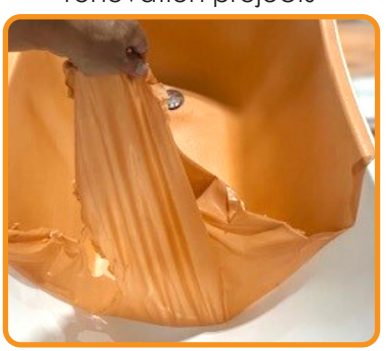

Apply with roller or airless sprayer

Safe for use with most common bath surfaces

Ideal for new construction or renovation projects

Easy peel-off removal

Innovative, purpose-built surface protection systems. This is all we do.
