Skudo®

## X-TREME Roofing Safety Mat

Designed specifically for demanding roofing environments, Skudo's X-TREME All-Terrain Mat delivers ultra high-impact surface protection and secure rooftop access in tough jobsite conditions. Its tightly woven construction helps protect roofing membranes and finished surfaces from damage caused by dropped nails, screws, tools, and other sharp jobsite debris while creating safer walkways for crews and equipment.

Engineered for durability, traction, and performance, the X-TREME All-Terrain Mat's heavy-weight design helps keep it securely in place on rooftops and elevated surfaces - even in wind, rain, and challenging weather conditions. The open-drain construction allows water, dirt, and debris to pass through while maintaining dependable slip resistance in both wet and dry environments.

## Uses:

- Creates safer rooftop walkways and access paths during construction and restoration
- Helps protect roofing systems from dropped nails, screws, tools, and sharp debris
- Ideal walk-off mat to help keep roofs, ladders, trailers, and work areas clean
- Helps reduce worker fatigue with added underfoot comfort and support

## Features:

- Tightly woven design helps protect roofing surfaces from punctures, scratches, and damage
- Durable construction stands up to heavy traffic, tools, equipment, and harsh jobsite conditions
- Heavy weight helps keep the mat securely in place
- High-traction surface delivers dependable slip resistance in wet and dry conditions

When jobsites demand safer access across roofing surfaces, Skudo's X-TREME All-Terrain Mat delivers the rugged performance and ultra high-impact durability professionals rely on.

## X-TREME All-Terrain Mat Product Data

- Roll Size: 4 ft. wide x 20 ft long
- Coverage: 80 sq. ft.
- Roll Weight: 115 lbs per roll
